### Bills in the Legislature.

#### SENATE.

**SURROGATE'S COURT OF NEW-YORK.**

Senator COZAN introduced a bill, the first section of which orders that when any person shall be made to the granting of letters of administration, such shall be made to a test and will and testament in the Surrogate's Court of the County of New-York, and when it shall be necessary to take testimony or prove upon any issue of fact there raised, the Surrogate may, by an order made by the court, require the party to appear before him to take testimony or proof, and such examiner shall report such testimony to the Surrogate in writing. Said examiner shall be ex-officio at law of the Supreme Court in the State of New-York.

SAC. 2, 3, 4, 5, 6 and 7 relate mainly to the powers to be vested in the Surrogate and his deputies.

**THE BOUNTY BILL.**

The Senate Committee on Cities had a long sitting yesterday afternoon over the Police Bill, and then adjourned. Its further consideration for a week. At this rate the whole session will be exhausted before the bill is voted on.

The wire-pullers in New-York are excessively busy at present, and the indecision of the Committee has occasioned by the pressure brought to bear upon them in behalf of different parties who desire places in the proceedings. Dr. Smith introduced a series of resolutions, differing with the Administration as to some of its latest measures of policy. The resolutions received but a limited support and were laid on the table by a large majority. Mr. Truman wished the meeting to take ground against the nomination of Mr. Ballard, Ex-Secretary of State, as Consul to Havanna; but on the representation that the salary was insufficient to support the incumbent, and the dangerous pestilence were very formidable, it was voted that that the appointment was a very important political joke on the part of our worthy President, and the meeting concluded in acquiesce in it.

**AN AMENDMENT.**

In a late letter I spoke of the Hon. M. Pinckney of New-York, as a Democrat who had served his country for two years in the field. This statement was based upon information received at the time from one of his friends, but I learn on inquiry that it was a mistake, and it is one which may injure the gentleman's standing with his political friends, I hasten to correct it.

**CONSTITUTIONAL AMENDMENT.**

The Assembly to-day passed the bill directing the holding of a special session for the object of Constitutional amendments. It goes immediately to the Senate.

**SUPERFICIERS OF SOLDIERS.**

It will be recollect that the resolutions directing the Special Committee on the subject of sufferings of returned soldiers to visit New-York and other military depots were referred to the Committee on Federal Relations, who were directed to report within a week. The Committee reported this morning. It will be perceived by the letter of Gen. Dix, which forms a part of the report, and of which a copy is subjoined, that the reports of the sufferings of these men have been very greatly exaggerated.

**NEW-YORK CITY, Jan. 25, 1864.**

To the Hon. W. DEWEY, Chairman of Committee on Federal Relations?

SIR: I have the honor to acknowledge the receipt of your note with a resolution of the Assembly, extracts from the Albany Argus, relative to the sending of volunteers to the South, and the same shall be entitled to receive you the first of January next, shall be entitled to receive the common stock of said Company thereafter.

SAC. 3—Directs that whenever the Directors of this Company shall exercise the power of giving any increase, above or below the amount of increase determined, it shall be filed in the office of the Secretary of State, and no stock shall be issued until this provision is complied with.

**ASSEMBLY.**
